announces

“Journey of a Quilt Pattern Designer and Trunk Show”

Presented by

Kate Colleran

“This lecture and trunk show will focus on quilts I have made along my journey as a quilter and as I started designing quilts and then started my business. The lecture changes every time as I like to bring new quilts as well as a collection of older quilts. I use the quilts to talk about color and design, how to look at patterns and make quilts that speak to you.” *Kate*

Seams Like a Dream quilt patterns feature designs that are fresh and contemporary; they bridge the gap between traditional and modern quilting.

Since 2009 Kate has had many of her designs published in leading magazines. These include Quiltmaker, McCall's Quilting, Modern Patchwork, Quiltmaker, Fons & Porter Quilting Quickly, American Patchwork & Quilting, Quilt Scene, Quiltmaker Row Quilts to list a few. www.seamslikeadream.com
